The rates were fixed in 1932 at the instance of the Government of Mysore. They then suggested that the rates should be subject to revision once in five years. The District Magistrate, C. & M. Station, however considered that the rates should be reviewed and refixed at the end of every three years, as in Madras, and the Government of Mysore agreed to it.

The rates were therefore due for revision in 1935 and again in 1938. But the question was not taken up either by the Government of Mysore or by this Administration. The rates fixed in 1932 are therefore still in force.

If approved, the file may be sent u.o. to the District Magistrate and he may be requested to examine in consultation with F.A. whether the rates require revision.

The rates as proposed are Rs.120/- per annum for an Indian and 230/- per annum for a European or an Anglo-Indian prisoner as against the existing rates of Rs.131/- and 228/- for an Indian and European or an Anglo-Indian prisoner respectively. (The Madras rates are Rs.156/- per prisoner less rebate on cash earnings.- Vide statement No.VI sent as enclosure to letter from the Government of Madras No.2894/36-13, dated the 3rd January 1938 forwarded with your No.R.Dis.F.63-38/R.O.I, dated the 2nd February 1938. Last year the average cash earnings per prisoner were Rs.24-13-0.)

I, however, note that the revised rates include a sum of Rs.15-11-0 per prisoner calculated on 7% of the capital cost of the building (Rs.2,42,217/-) minus amount spent on repairs etc. for the last three years (10538-7-2) Following the calculations made in 1931 it would appear that only the actual cost of maintenance should be admitted and no allowance for the capital cost of building also, in which case the rates would be reduced to Rs.104/- and 214/- for an Indian and European or Anglo-Indian prisoner, respectively. I am informed by the Treasury Officer that the question whether the actual maintenance charges or a percentage of the capital cost should be added is under discussion with the Government of Mysore in the case of the Mental Hospital and the decision reached in that case will have to be applied here also.

I, therefore, suggest that subject to a revision with reference to the decision that may be reached on the general question, the revised rates may be agreed to tentatively for application from the calendar year 1939 as this course will result in immediate savings.

On further consideration I think we can go all out for a revision of rates on basis of actual maintenance charges, mentioning the case of the mental Patients (which whatever I do, I can't get finished), but not letting this stand or fall by it we need not assent Mysore rates for 1939; but when demands come in, we can pay provisionally at rate now proposed by Mysore, subject to readjustment when the point is decided Colletts may see after mine.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,

*Dated Bangalore, the* 16th December *1939*

Revision of rates for the maintenance of Civil and Military Station prisoners in the Central Jail, Bangalore.

SIR,

I am directed to refer to your letter No.Pol.593/Pris. 56-38-6, dated the 1st November 1939.

2. The revised rates are based on calculations which include a rate of 7% of the capital cost of the building (Rs.2,42,217/-) for repairs and maintenance. Following the calculation made in the Government of Mysore's letter SW. 154 F. 148-1902 No.Pol.31E/5/Pris 17-30, dated the 6th July ~~1939~~ 1931 only the actual cost of maintenance should be charged and not a percentage of the capital cost of the building. In that case the rates would be reduced to Rs.104/- and 214/- for an Indian and European or Anglo-Indian prisoner respectively.

The same question is under discussion in the case of mental patients - please see my letter R.Dis.No.F.540-39/G & A., dated the 14th September 1939. The Resident requests the Government of Mysore to revise their proposals accordingly.

I have the honour to be,
Sir,
Your most obedient servant,

o/c

SECRETARY TO THE RESIDENT.
